

BRO-2.5% FINISHER

Product information:

- ❖ A complete premix specifically formulated for the "finisher" stage, it improves carcass quality and increases bird weight while maintaining feed conversion efficiency. The product contains a balanced blend of essential vitamins, minerals, and micronutrients to ensure optimal performance in the final stages of rearing.

Product Features:

- ❖ Increased feed conversion efficiency (FCR).
- ❖ Improved meat and fat quality.
- ❖ Support for the immune system during the final stage before marketing.
- ❖ Enhanced phosphorus and calcium absorption.
- ❖ Reduced heat stress and improved overall bird performance.

How to use:

- ❖ It is used at a rate of 2.5% of the feed (adding 25 kilograms per ton of feed)
