

RW LAY-2.5 SUPER

Product information:

- ❖ A high-efficiency premix with a 2.5% concentration, specially developed for laying hen farms seeking maximum production. The "Super" version features an enhanced concentration of micro-amino acids and vitamins to ensure sustained production even under stressful conditions.

Product Features

- ❖ **Extended Peak Production:** Helps birds reach and maintain peak production for longer.
- ❖ **Superior Shell Hardness:** Fortified with precise ratios of available calcium and phosphorus to minimize broken eggs.
- ❖ **Ideal Egg Size:** Contains "super" levels of methionine and lysine to ensure consistent egg weight and size.
- ❖ **Advanced Biological Fortification:** Contains natural antioxidants and superior digestive enzymes to maximize nutrient absorption.
